

CONFERENCE CALL

XXIII. SPRING WIND CONFERENCE

AI AND THE FUTURE OF SCIENCE

The Association of Hungarian PhD and DLA Candidates (DOSZ) is overjoyed at organizing the regular annual conference in 2020 in National University of Public Service, Hungary. DOSZ is holding a multidisciplinary scientific conference labelled as the Spring Wind Conference in Budapest, between 1-3 of May 2020.

Young researchers and doctoral candidates from all scientific discipline have the opportunity to present their research outcomes in Hungarian and English as well. This time, the event has a tradition-building theme, with its cultural and professional programs built around Artificial Intelligence and the Future of Science.

The Organisers are pleased to invite the representatives of higher education institutions, government and business sector, colleagues and experts who are interested in the topics.

Registration

Attendance at the conference is subject to pre-registration. The registration interface is available on [DOSZ website](#). In order to facilitate communication during the registration process, applicants must provide their contact details. The information the applicants provide will be handled in accordance with DOSZ Data Privacy Policy. **Registration first becomes effective with an abstract submission of a minimum of 1800 and a maximum of 3600 characters. The abstract binding template and form can be downloaded from the registration interface.** The abstract can only be uploaded via the registration interface as an attachment to the registration. Please note that via email and on other communicational channels do not allow organizers to manage applications.

Deadline for submissions and abstracts: March 8, 2020 11:59 pm.

The Organizers undertake each abstract to a proofreading process with DOSZ Scientific Departments. Candidates will be notified electronically of the results by 22 March, 2020. Please note that abstracts can not be accepted in the following cases:

- if it is uploaded after the application deadline,
- if the Applicant did not use the template provided by the Organisers at the application site,
- if it does not meet with the basis of scientific requirements.

Upon approval of the abstracts, the Applicant will be notified about the payment of the registration fee for the registration package of his choice. Please note, Organizers will not be able to refund the registration fee due to lack of attendance at the conference.

Planned scientific sections of the Conference:

- Agricultural Science Section
- Political Science and Law Section
- Science of Biology Section
- Science of Philosophy Section
- Physical Science Section
- Geoscience section
- Military and Law Enforcement Section
- Theological Section
- Literary Studies Section
- Section of Chemistry and Environmental Sciences
- Section of Communication Sciences
- Economics Section
- Science of Public Administration Section
- Mathematics and IT Sciences Section
- Technical section
- Section of Arts and Arts' Sciences
- Linguistics Section
- Medical and Health Sciences Section
- Psychological and Educational Sciences Section
- Sports Science Section
- Sociology and Multidisciplinary Social Science Section
- Section of History and Political Sciences

The Organizing Committee reserves the right to reclassify lecturers between sections or to merge or divide each discipline section according to the number of applications.

Conference Volume 2020

If the lecturer wishes to publish his research results in the Conference Volume, scientific articles meeting the formal requirements shall be submitted not later than 14 June 2020 through the conference registration interface.

Eligibility for studies is subjected to review by a lector with a relevant scientific degree (PhD, DLA). Applicants should manage the review process and upload the lectors' permission together with the article. An additional requirement is to upload a completed and signed copyright statement. In order to be able to clearly identify the author, the title of the study, reviewer permission and copyright statement documents must include the name of the participant (eg: Sample_Simon_copyright, Sample_Simon_reviewer, Sample_Ottor_Study). Only papers in the format (downloadable from the application platform) required by DOSZ can be accepted for publication. Incomplete studies that do not meet the formal requirements will not be published by the Organizing Committee in the Conference Volume. Accepted, peer-reviewed studies will be published in an ISBN conference online volume with the names of the reviewing lectors.

Organizers are reminding applicants that only a scientific transcript of the lectures delivered at the Conference may be published in the Volume.
