

## Cooperation Agreement

The University of Debrecen (hereinafter referred to as UD), 4032 Debrecen, Egyetem tér 1., Hungary, and the Sanford Burnham Prebys Medical Discovery Institute (hereinafter referred to as SBP) 6400 Sanger Rd., Orlando, FL, have decided to conclude a scientific training cooperation agreement in relation to the Cell and Immunobiology Doctoral School UD.

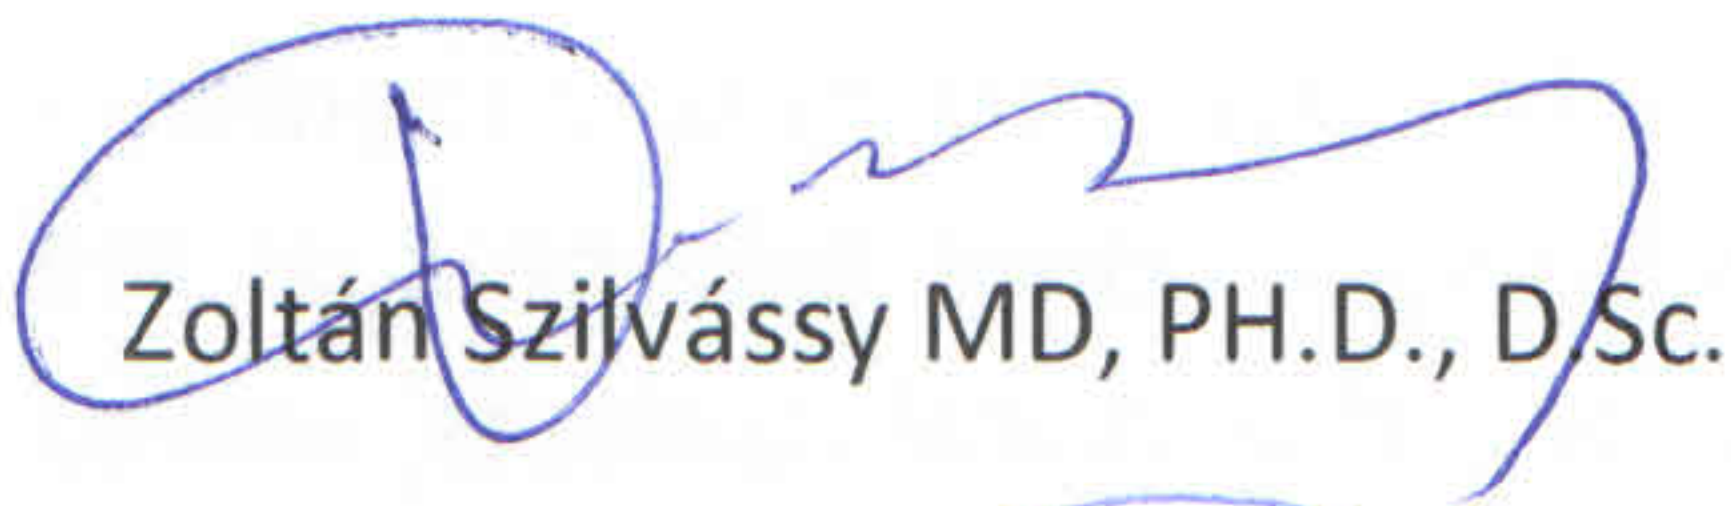

The cooperation shall include the following areas:

- The principal researchers of the SBP will have the opportunity to participate as core members based on a credentialing process in the work of the Doctoral School, as inner members of the examination committees and/or evaluation committees, as supervisors of doctoral students, and as course leaders.
- The objective of the Agreement in the framework of the doctoral training shall include joint research projects wherein the two parties shall carry out teaching assignments with the intention of optimal and integrative exploitation of the intellectual and infrastructural potential of the two parties.
- SBP shall authorize the use of its infrastructure to assist the doctoral training. SBP shall provide practical training and research space for doctoral school students, if available.
- The Parties shall mutually invite each other to their scientific events and provide researchers/lecturers and doctoral students with opportunity to present their scientific results.
- The two Parties shall seek calls for joint proposals in the field of international training and research programs. The awarded financial support shall be distributed between the beneficiaries as the conditions set out in the project proposal. The use of financial resources awarded shall be in accordance with the rules and legal provisions relating to the specific award. The Parties share intellectual products in proportion to their participation, and publication of results of joint research projects shall be made jointly.
- Basis for cooperation is the Hungarian Higher Education Law, reciprocity and acceptance of obligations. The cooperating parties are equal (except those issues in which the Hungarian Educational Law gives exclusive rights to universities).
- SBP shall adopt the Education and Examination Rules and Regulations and the Doctoral School Regulations of the UD.

- The UD shall adopt the Organizational and Operational Regulations of the SBP in matters concerning the doctoral program.
