

IMPLEMENTATION AGREEMENT
BETWEEN THE UNIVERSITA' DEGLI STUDI DI GENOVA AND UNIVERSITY OF
DEBRECEN MEDICAL AND HEALTH SCIENCE CENTER FACULTY OF MEDICINE

YEAR 2003

- in consideration of the frame agreement in force between the **Università degli Studi di Genova** and **University of Debrecen, Medical and Health Science Center, Faculty of Medicine;**

it is hereby agreed and stipulated that:

Article one

the aforementioned Universities agree to realise the annual programme **“Regenerative medicine applied to ophthalmology: human endothelial cell culture as substitutive cell therapy for corneal endothelial insufficiency.”** indicated in Attachment A, constituting an integral part of the agreement hereto, for the term of validity provided in article two of the deed hereto and according to “Frame Agreement” provisions mentioned in the preliminary statements.

Article two

Activities listed in the aforementioned Attachment A will be accomplished within a year from relevant undersigning.

Article three

Attachment B, constituting an integral part of the deed hereto, gives the number of professors and research workers eventually employed by the Parties to perform integrated teaching and scientific activities, the duration and specific objectives thereby, as well as relevant economical aspects.

Article four

Attachment C, constituting an integral part of the deed hereto, establishes the period of study time for students, the final programme, as well as forms and procedures for certifying completed studies, courses attended and examinations given, and likewise relevant economical aspects.

Article five

Attachment D, constituting an integral part of the deed hereto, gives the type of apparatus, timing, procedures and technically qualified persons assigned to said training pursuant to gaining experience in using particularly complex technical-scientific apparatus, as well as relevant economical aspects. The Parties shall be responsible for taking out a special insurance policy to cover risks should the operators be in danger of physical harm when using said apparatus.

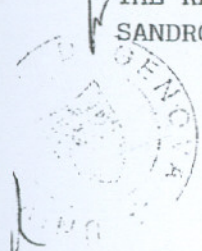

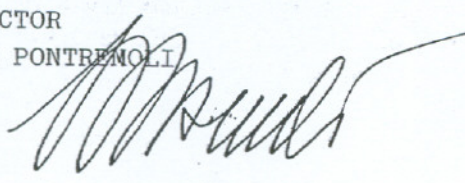

Article six

The Parties reciprocally note that they will personally assume their pertinent quota – in conformity to provisions in the frame agreement.

Article seven

The Parties reciprocally note that the implementation of this agreement, according to procedures given in Attachments A, B, C, D, E, shall be subject to eventual changes depending upon financial contributions effectively available.
